

PFA Lined Globe Valve

Model: EJ41PFA

Body Material: A216/WCB, A351/CF8, A351/CF8M, A351/CF3, A351/CF3M, LCB, A536

Disc: A216/WCB, A351/CF8, A351/CF8M, A351/CF3, A351/CF3M

Stem: SS304, SS420, SS410, SS416

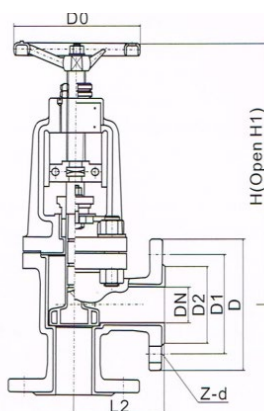

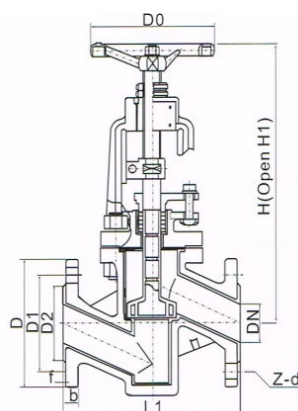

Lining Material: PFA, FEP, PTFE, PO

Nominal Diameter: NPS 1/2-16

Pressure Range: 150lb 300lb JIS DIN

Connection Type: Flange connection

Operation Method: Hand wheel etc.

Design/Manufacturer Standard	ASME B16.34
Face-to-face Dimension	GB/T12221
Flange Standard	ASME B 16.5
Inspection and Testing	API 598

Model NO.: EJ41PFA

Material: Carbon Steel

Sealing Form: Gland Packings Globe Valve

Application: Lining Fluorine Valve

Size: Dn15~400

Medium: Corrosion

Transport Package: Plywood Case

Origin: Wenzhou, China

Actuator: Manual

Structure: Through Way Globe Valve

Stem Thread Position: Outside Screw Stem

Globe Valve

Standard: ANSI

Body Material: Wcb+PFA
